To,
The Principal Secretary,
Industry Department,
Government of Bihar,
Patna

Subject - Development of factory approach road for vehicle movement.

Dear sir,

We are going to set up a Rice Mill Unit of 8 MTPH capacity in Bhabua, Bihar. We have purchased Land and started civil work for timely completion and we are expecting our production to start from April 2015.

This is to inform you that our factory is situated at at Vill- Gurura, P.O. Kudra, Distt - Babhua and connected with kachha approach road approx 0.8 K.M. from National Highway 2. The approach Road name is Tekari Road and it is not fit for vehicle movement or as industrial approach Road. Especially in the month of rainy season i.e. July, August, , the approach road condition becomes marshy making it unmotorable.

We request you please advice to concern department, i.e., RCD/PWD to develop approach road (to get it mettled) in the interest of industrial environment.

With warm regards,

For Babylon Agro Products Pvt. Ltd.
