Purnea.

Sub: Application for 33 Kv H T line at Jute Park, Biada Industrial Area, Maranga, Purnea

Dear Sir,

We enclose herewith the formal 5 (five) set application in your specific format for sanction and supply of 33Kv transmission to our Jute Park at Biadas' Industrial Growth Centre, Maranga, Purnea.

In this regard it may be noted that one new 33kv / 3.15 MVA capacity Transformer is lying idle with us for want of required Transmission for over 18 months, whereas we had to install another 11 Kv / 1000 kw Transformer to keep the Jute Park in operation.

We are awaiting for adequate and uninterrupted power supply to start expansion of the project as per our DPR and approval of SIPB.

Kindly therefore acknowledge receipt of the enclosed 5 set application and do the need full at the earliest.

Thanking you.

Yours Sincerely,
For Punrasar Jute Park Ltd.

(S K Ghosh)
General Manager (Project)

Encl : 5 - set HT application as stated.
